MARYAM IMOGEN GHOUTH

Maryam is a literary artist who lives between Dubai and Mallorca and publishes poetry in visual, audio, and written forms. She combines psychological themes with philosophical musings, deriving inspiration from science and nature.

Visual Form: Maryam embarked on her journey into the arts in 2019. A year later, her poetry film series, *Journey of Becoming*, was chosen for screening at Dubai's art-house cinema, Akil, in celebration of female artists. In late 2023, Maryam began submitting her works to international film festivals, including *Barcelona Indie Awards* in Spain, *Experimental* in Canada, and *Poetry in Motion* in the USA, receiving several nominations and awards for her poetry films *Bubble Hat* and *Not Alone*.
