

Maryam Imogen Ghouth

What I do

I write and publish poetry and prose. Sometimes, I narrate, record and fuse them with music, sounds, and visuals to create tracks and films in collaboration with a range of artists, including composers, music producers, cinematographers, film directors, and animators. My debut poetry chapbook is forthcoming.

What I write

I combine the tenets of psychology with the big questions of philosophy, challenge social narratives, ponder existential unknowns and give voice to the raw emotions undulating the human experience. I am particularly interested in the notion of selfhood, the coincidence of opposites, and the sheer miracle of existence.
